Additional Notes

Information/Instruction

1. Accidents occur always and at all places.
2. These have cause severe dangers to man, private and public property.
3. It is regrettable that many of the victims are children of school age.
4. The major causes of these are carelessness of the part of parents, school authority and caretakers of public places.
5. Everybody is therefore called to participate actively to eradicate this menace called accident.

Assessment Activity

- 1.Explain the meaning of accident.
- 2.Identify the causes of accident in the home and in the school.

Summary

Teacher Guide

- wires).
- Removing what has caused the accident.
3. Pupils list the causes of those accidents.
Teacher does this by asking questions like:
“What caused accident 1; what caused accident 2 and so on.”
 4. Now pupils already know the cause of different forms of accident, at home and in school, they mention probable solutions to each of the accidents.
 5. Guide the pupils to suggest ways to take care of victims. Lead by stating the following;
 - Report accidents in school or home to parents/elderly persons/ teachers.
 - Use the First Aid Box where necessary.
 - Take Victims to nearby Hospital/Clinic.

Assessment Activity

3. Mention three (3) ways we can avoid accidents in the school and in the home.
4. Prepare a mini first aid box
5. Give a vivid explanation on how to take care of accident victims.
